## JOIN YOUR COLLEAGUES FOR #AACCI2016

**AACC International is pleased to invite you** to attend the 2016 Annual Meeting. This meeting is a great place for you to hear about the latest industry innovations and cutting-edge science. From emerging technologies to nutrition to grain quality trends, the scientific programming covers a wide range of important topics, keeping you current on everything impacting the industry today. We've heard your feedback and made this meeting more interactive than ever before.

### Join me to:

- Stay up-to-date on food safety and labeling
- Learn about leveraging big data to advance your research
- Participate in sustainability discussions that span the entire supply chain

The Annual Meeting is an opportunity to connect and network with remarkable professionals in cereal grain science. Meet the Board to learn about future plans for the society, attend a professional development session fitting for both new and established professionals, and discuss translating science and technology to product applications.

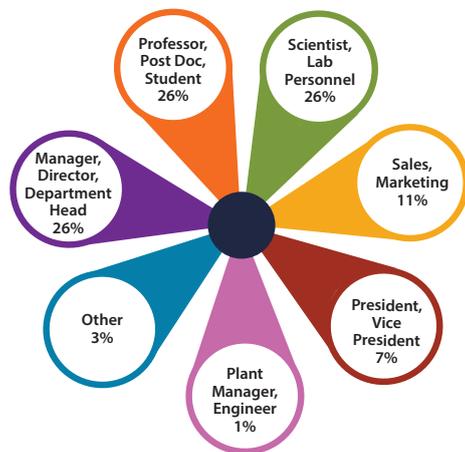

I look forward to seeing you in Savannah. If you are not a member of AACC International, please join! I've been a member for 7 years and consider it a vital part of my career.

## WHO ATTENDS

### Attendees by Job Title

### Global Attendance

### Top 5 Reasons to Attend

### All About the Science!

The program is packed with sessions sure to fit your needs.

- Hear from key players in the industry at plenary and symposium sessions
- Up your expertise at the technical and poster sessions
- Discuss and debate hot topics like how your dietary fiber label will change under the new regulations
- Participate in free professional development workshops
- Interact with companies at the exposition
- **New!** Late-breaking abstracts will showcase the most recent scientific breakthroughs
- And more!

### New to Cereal Grain Science?

Meet fellow scientists and connect with peers. The meeting has numerous opportunities to network through formal and informal events.
