

ERRATUM

CEREAL CHEMISTRY, Vol. 43, No. 3
(May 1966 issue)

HARALD PERTEN, page 336.

The authors regrets the occurrence of an error on page 339. Under "Expression of Results," last line: in the substituted equation, the word *log* should appear after the minus sign. Hence, *for* $(\log E_{t_1} - E_{t_2})$ *read* $(\log E_{t_1} - \log E_{t_2})$.
