

Sponsor a Student Experience

at the AACCI Annual Meeting and Inspire a Cereal Scientist for a Lifetime!

AACC International is focused on providing the best opportunities for our emerging cereal scientists. Ensuring a highly valuable experience and critical visibility for student members at our annual meetings can be the inspiration for developing a lifelong career in our science. Events like these provide the perfect setting for us to nurture and encourage these new scientists. AACCI is continuing to make a significant investment in its student members, but we also seek your support to enhance our initiatives even further. Below is the list of student experiences for the 2013 AACCI Annual Meeting, the perfect venue for your support and encouragement, we invite your sponsorship.

2013 Student Experience Sponsorship Opportunities

- **AACCI Student Travel Awards** (Manhattan Section program)—This long-time program of AACCI supports and promotes student participation in AACCI by awarding student members who are giving an oral or poster presentation at the annual meeting with travel support to ensure their participation in the meeting.
- **GOAL MET! Please direct your donation to the AACCI Student Travel Award fund**
Best Student Research Paper Competition (organized by the AACCI Professional Development Panel)—This unique competition challenges students to demonstrate superior presentation skills, encourages students to present their research work, highlights the best research conducted and presented by students, and offers an opportunity for students to interact with the AACCI community at an early stage in their career.
- **Student Product Development Competition** (coordinated by the AACCI Student Division)—One of the best opportunities for students to apply the knowledge and skills acquired in school to create new food products professionally and intelligently in the real business world. This competition is designed to encourage innovative thinking of students in the cereal science area, expose students to a real-world situation, and promote the connection between academic research and industrial production.

Please join us in enhancing these incredible opportunities for our student members. Indicate your level of support to ensure your organization is listed as a student experience sponsor in all AACCI materials.
